

Delegation Name: Italy

Ambassador Name: Sezen Özkalp

Distinguished Secretariat, Honorable Student Officers, Esteemed Advisors,
and fellow delegates;

The delegation of Italy is exceedingly honored and pleased to be a part of the 27th annual session of the Turkish International Model United Nations conference, which will take place online this year due to the global circumstances we are currently going through.

This year, the general conference theme of TIMUN is “Crisis and Global Governance” which reminds us of the importance of international cooperation in times of both stability and crisis. Since March 2020, the whole world has been witnessing how a pandemic can affect each individual regardless of our many differences, and this situation has been a source of understanding for the cruciality of international collaboration, especially when humanity is under severe conditions.

Thus, we believe that the COVID-19 pandemic should always stand as a reminder for humanity to act as one starting now and enlighten our path through the future. Under the general theme of TIMUN, we welcome every effort to strengthen our global governance mechanisms in all areas of world affairs, such as human rights problems, climate crisis, legal issues, armed conflicts, health-related difficulties, and more.

The delegation of Italy once again highlights the significance of collaboration for the sake of overcoming all types of world problems and we wish this conference can be a step to achieving this ultimate target. We, as the delegation of Italy, ensure every member state that we will do everything in our power to come up with constructive, beneficial, and efficient solution proposals and also be ready to work with other nations. We wish all the delegations a fruitful conference.

Thank you,

The Ambassador of the Delegation of Italy
