The Kingdom of Saudi Arabia, a founding member of the United Nations, is the largest Arab country of the Middle East. We are the heart of the Arab and Islamic Worlds, we are the investment powerhouse, we are the connection hub between the three continents. In recent years, the world has proven to be more unpredictable than ever before. With globalization reaching an unseen before extend, it is inevitable for us to be forced to tackle new, unseen formerly challenges. We are one of the world's leaders in providing impartial humanitarian, philanthropic, and development aid, both in-kind and financial, to encourage development in regions in need.

Inspired Vision 2030 - a bold yet achievable blueprint for our ambitious nation, guided by our aspirations towards a new phase of development, aiming to utilize our unique strengths and capabilities, in our resolutions we will be guided by the principles of "thriving economy and an advanced, connected, innovative and vibrant society". Our goal will be to show that no religion is to be associated with violence, as our true Islamic faith rejects all forms of extremism. Through international dialogue with full respect for all States' cultures and traditions, we can tame the currently quivering powers of nature and move forward towards capturing opportunities and dealing with them effectively and proactively. Moreover, even with the social and economic hardships, which include climate change and the spread of diseases, the globe is currently facing, we shall not waive from employing our full potential to fulfill the UN Agenda on Sustainable Development, which is vastly overlapping with our Vision 2030. For that, we shall push forward the GCC integration agenda and focus on resolving pivotal economic concerns. Above all, we value peace, prosperity, and continuous development, both in the region and worldwide, which are in the Charter of the United Nations.

The Land of the Two Holy Mosques, the Land of the Kaaba, to which millions of Muslims turn to pray, wishes esteemed Delegates from all Committees peaceful cooperation and fruitful discussions to strengthen Global Governance and give a strong response to the Crisis, so that the future generations may live in stability, peace, and well-being.

May God's peace be upon you.
